Communities of Color continue to be disproportionately impacted by the COVID-19 pandemic. Join us and help Virginia stop the spread of the virus by participating in our webinar series highlighting Virginia's recently launched COVIDWISE app. The app, which is an innovative exposure notification app, will alert users if they have been in close contact with an individual who has tested positive for COVID-19. Add your phone to the COVID fight. Mark your calendar and join us for an upcoming webinar.
